

**Introducing the new S-26® GOLD PROGRESS® and S-26® GOLD PROMISE® with
NUTRILEARN CONNECT™: Consumer FAQ**

1. What are the changes in the new S-26® GOLD with Nutrilearn Connect™ range

The new S-26® features a new look and the breakthrough Nutrilearn Connect™, a unique blend of myelin nutrients including α-Lipids™, Sphingomyelin and DHA* which supports brain development.

The new formula was inspired by breakthrough clinical research on child brain development. To learn more about the brain-nutrition connection, visit <https://www.wyethnutrition.com.sg/learning-memory-and-social-development>

Additionally, the new formula also contains vitamins and minerals to support your child’s immunity, digestion and physical growth, including:

- 2’-FL and Iron for immunity support
- Oligofructose (Prebiotic) to help maintain a healthy digestive system
- Alpha-lactalbumin (quality protein) to help in tissue building and growth.

The enhanced formula showcases a finer powder consistency that effortlessly dissolves, accompanied by an upgraded flavor profile.

2. Can I still buy the old formula?

The old formula will eventually be completely replaced by the new S-26 Gold with Nutrilearn Connect™.

Some toddlers may be sensitive to changes in their diets, and we recommend introducing new foods slowly. We recommend a gradual transition to the new formulation by replacing 1 feed per day during the day, and slowly increasing the number of new milk feeds.

3. Are there any changes in the preparation or usage of the new S-26® GOLD with Nutrilearn Connect™ range?

The preparation and usage instructions for the new S-26® GOLD formula remain consistent with the previous formula. Please carefully follow the instructions on the product packaging to ensure proper preparation and feeding.

4. Is the new S-26® GOLD with Nutrilearn Connect™ range suitable for vegetarians?

Consistent with the previous formula, S-26® GOLD with Nutrilearn Connect™ is made from cow's milk, and contains DHA from fish source.

5. Does the new S-26® GOLD with Nutrilearn Connect™ range contain added sucrose?

Consistent with the previous S-26® GOLD formula, there is no added sucrose in the new formula.
